DEPARTMENT OF JUSTICE

FEDERAL TORT CLAIMS ACT LITIGATION SECTION

The Torts Branch's Federal Tort Claims Act Litigation Section (FTCA Section) defends the United States in a wide range of complex, and often controversial, suits filed under the Federal Tort Claims Act. Enacted on August 2, 1946, the Federal Tort Claims Act provides a limited waiver of the United States' immunity from suit, allowing claims for damages

for injury or loss of property, or personal injury or death caused by the negligent or wrongful act or omission of any employee of the Government while acting within the scope of his office or employment, under circumstances where the United States, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred

28 U.S.C. § 1346(b).

Today, litigation under the Act covers a variety of torts. Suits often arise from medical care or treatment, regulatory activities, law enforcement, and maintenance of federal lands. The FTCA Section has handled the defense in litigation related to Hurricane Katrina, which seeks billions of dollars in damages for losses caused by flooding. The FTCA Section also has handled sensitive law enforcement cases involving informants, and it has defended the United States in suits brought by individuals who were detained on immigration charges following the September 11, 2001 terrorist attacks.

The Federal Tort Claims Act Litigation Section serves as the principal point of contact for both other Department of Justice (DOJ) components, such as the United States Attorneys Offices, and other federal agencies on a number of legal issues arising under the FTCA. The section assists in litigation development and settlement strategy, and it has particular expertise in the evaluation and settlement of catastrophic injury cases. The FTCA Section's Director has authority to act on settlements by federal agencies of up to \$1,000,000. For settlements in excess of that amount, the Director makes recommendations to higher-level DOJ officials. The section has prepared model settlement documents that protect the interests of the United States and is expert in the use of structured settlements.

In addition, the FTCA Section makes appeal recommendations on all adverse judgments entered in FTCA cases. It also provides comments on FTCA-related Congressional legislation that may have an impact on taxpayer liability. Further, the FTCA Section is responsible for administrative adjustment of tort claims filed as a result of DOJ employee conduct nationwide. The FTCA Section also determines the appropriate agency to adjust administrative claims that have been filed with DOJ.

### BILL SUBJECTS

Peace Officers: Certification: Civil Rights.

### ABSTRACT

(1) Under existing law, the Tom Bane Civil Rights Act, if a person or persons, whether or not acting under color of law, interferes or attempts to interfere, by threats, intimidation, or coercion, with the exercise or enjoyment by any individual or individuals of rights secured by the Constitution or laws of the United States, or of the rights secured by the Constitution or laws of this state, the Attorney General, or any district attorney or city attorney, is authorized to bring a civil action for injunctive and other appropriate equitable relief in the name of the people of the State of California, in order to protect the exercise or enjoyment of the right or rights secured. Existing law also authorizes an action brought by the Attorney General, or any district attorney or city attorney, to seek a civil penalty of \$25,000. Existing law also allows an individual whose exercise or enjoyment of rights has been interfered with to prosecute a civil action for damages on their own behalf.

The bill would eliminate certain immunity provisions for peace officers and custodial officers, or public entities employing peace officers or custodial officers sued under the act.

(2) Existing laws defines persons who are peace officers and the entities authorized to appoint them. Existing law requires certain minimum training requirements for peace officers including the completion of a basic training course, as specified. Existing law prescribes certain minimum standards for a person to be appointed as a peace officer, including moral character and physical and mental condition, and certain disqualifying factors for a person to be employed as a peace officer, including a felony conviction.

This bill would prohibit a person who has been convicted of a felony, as specified, from regaining eligibility for peace officer employment based upon any later order of the court setting aside, vacating, withdrawing, expunging or otherwise dismissing or reversing the conviction, unless the court finds the person to be factually innocent of the crime for which they were convicted at the time of entry of the order. The bill would disqualify a person from being employed as a peace officer if that person has been convicted of, or has been adjudicated in an administrative, military, or civil judicial process as having committed, a violation of certain specified crimes against public justice, including the falsification of records, bribery, or perjury. The bill would also disqualify any person who has been certified as a peace officer by the Commission on Peace Officer Standards and Training and has surrendered that certification or had that certification revoked by the commission, or has been denied certification. The bill would disqualify any person previously employed in law enforcement in any state or United States territory or by the federal government, whose name is listed in the national decertification index, or any other database designated by the federal government, or who engaged in serious misconduct that would have resulted in their certification being revoked in this state. The bill would require a law enforcement agency employing certain peace officers to employ only individuals with a current, valid certification or pending certification.

(3) Existing law establishes the Commission on Peace Officer Standards and Training to set minimum standards for the recruitment and training of peace officers and to develop training courses and curriculum. Existing law authorizes the commission to establish a professional certificate program that awards basic, intermediate, advanced, supervisory, management, and executive certificates on the basis of a combination of training, education, experience, and other prerequisites, for the purpose of fostering the professionalization, education, and experience necessary to adequately accomplish the general police service duties performed by peace officers. Existing law authorizes the commission to cancel a certificate that was awarded in error or obtained through misrepresentation or fraud, but otherwise prohibits the commission from canceling a certificate that has properly been issued.

Senate Bill No. 586

CHAPTER 429

An act to amend Section 13510.8 of the Penal Code, relating to public employment.

[Approved by Governor September 30, 2021. Filed with  
Secretary of State September 30, 2021.]

LEGISLATIVE COUNSEL'S DIGEST

SB 586, Bradford. Peace officers: certification.

Proposed law, as proposed to be added by Senate Bill 2 of the 2021-22 Regular Session, authorizes the Commission on Peace Officer Standards and Training to revoke a certified peace officer's certification under specified circumstances, and states that an action by a law enforcement agency or decision resulting from an appeal of an agency's action does not preclude action by the commission to investigate, suspend, or revoke a peace officer's certification.

This bill would, if Senate Bill 2 of the 2021-22 Regular Session becomes operative, additionally state that whether a particular factual or legal determination in a prior appeal proceeding has preclusive effect in proceedings of the commission would be governed by the existing law of collateral estoppel.

*The people of the State of California do enact as follows:*

SECTION 1. Section 13510.8 of the Penal Code, as proposed to be added by Senate Bill 2 of the 2021-22 Regular Session, is amended to read:

13510.8. (a) (1) A certified peace officer shall have their certification revoked if the person is or has become ineligible to hold office as a peace officer pursuant to Section 1029 of the Government Code.

(2) A peace officer may have their certification suspended or revoked if the person has been terminated for cause from employment as a peace officer for, or has, while employed as a peace officer, otherwise engaged in, any serious misconduct as described in subdivision (b).

(b) By January 1, 2023, the commission shall adopt by regulation a definition of "serious misconduct" that shall serve as the criteria to be considered for ineligibility for, or revocation of, certification. This definition shall include all of the following:

(1) Dishonesty relating to the reporting, investigation, or prosecution of a crime, or relating to the reporting of, or investigation of misconduct by, a peace officer or custodial officer, including, but not limited to, false statements, intentionally filing false reports, tampering with, falsifying,

destroying, or concealing evidence, perjury, and tampering with data recorded by a body-worn camera or other recording device for purposes of concealing misconduct.

(2) Abuse of power, including, but not limited to, intimidating witnesses, knowingly obtaining a false confession, and knowingly making a false arrest.

(3) Physical abuse, including, but not limited to, the excessive or unreasonable use of force.

(4) Sexual assault, as described in subdivision (b) of Section 832.7.

(5) Demonstrating bias on the basis of race, national origin, religion, gender identity or expression, housing status, sexual orientation, mental or physical disability, or other protected status in violation of law or department policy or inconsistent with a peace officer's obligation to carry out their duties in a fair and unbiased manner. This paragraph does not limit an employee's rights under the First Amendment to the United States Constitution.

(6) Acts that violate the law and are sufficiently egregious or repeated as to be inconsistent with a peace officer's obligation to uphold the law or respect the rights of members of the public, as determined by the commission.

(7) Participation in a law enforcement gang. For the purpose of this paragraph, a "law enforcement gang" means a group of peace officers within a law enforcement agency who may identify themselves by a name and may be associated with an identifying symbol, including, but not limited to, matching tattoos, and who engage in a pattern of on-duty behavior that intentionally violates the law or fundamental principles of professional policing, including, but not limited to, excluding, harassing, or discriminating against any individual based on a protected category under federal or state antidiscrimination laws, engaging in or promoting conduct that violates the rights of other employees or members of the public, violating agency policy, the persistent practice of unlawful detention or use of excessive force in circumstances where it is known to be unjustified, falsifying police reports, fabricating or destroying evidence, targeting persons for enforcement based solely on protected characteristics of those persons, theft, unauthorized use of alcohol or drugs on duty, unlawful or unauthorized protection of other members from disciplinary actions, and retaliation against other officers who threaten or interfere with the activities of the group.

(8) Failure to cooperate with an investigation into potential police misconduct, including an investigation conducted pursuant to this chapter. For purposes of this paragraph, the lawful exercise of rights granted under the United States Constitution, the California Constitution, or any other law shall not be considered a failure to cooperate.

(9) Failure to intercede when present and observing another officer using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, taking into account the possibility that other officers may have additional information regarding the threat posed by a subject.

RE: California Criminal History Information

Dear Applicant:

This is in response to your inquiry concerning the existence of a California criminal history record within the files of the Department of Justice's Bureau of Criminal Information and Analysis. As of the date of this letter, a search of your fingerprints did not identify with any criminal history record maintained by this Bureau as provided by the California Penal Code Sections 11120-11127.

Pursuant to California Penal Code section 11121, the purpose of a record review is to afford an individual with a copy of their record and to refute any erroneous or inaccurate information contained therein. The intent is not to be used for licensing, certification or employment purposes.

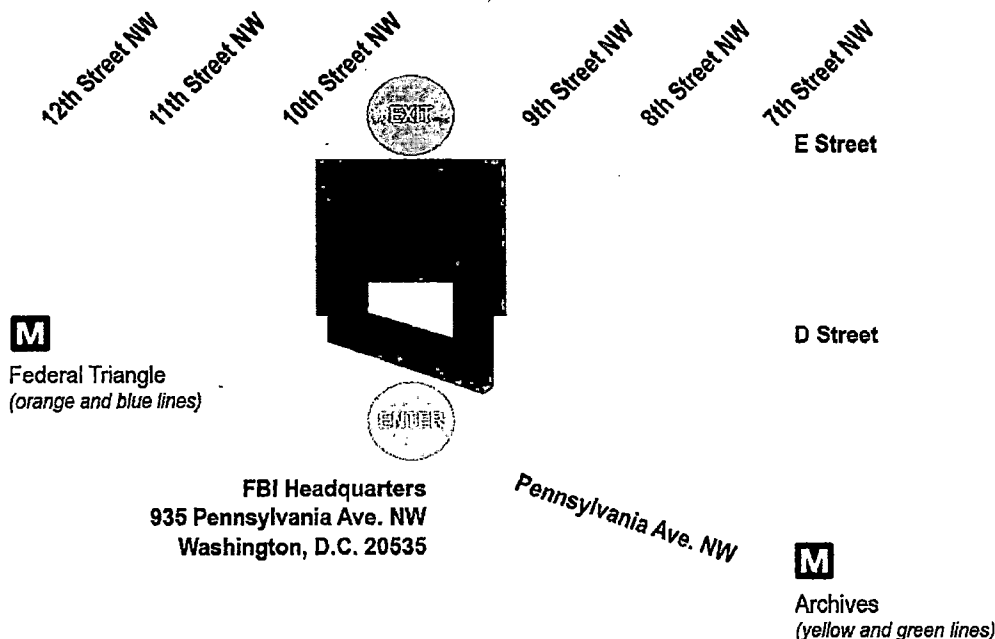

Additionally, California Penal Code sections 11125, 11142, and 11143 does not allow for a person or agency to make a request to another person to provide them with a copy of an individual's criminal history or notification that a record does not exist; does not allow an authorized person to furnish the record to an unauthorized person; nor does it allow an unauthorized person to buy, receive or possess the record or information. A violation of these section codes is a misdemeanor.

Sincerely,

Dear Ms. Arnold:

This is in response to

California Department of Insurance dated November 8,

2019.

You had coverage under a group life policy issued by Metropolitan Life Insurance Company while you were employed by Kaiser Permanente. Your coverage began when you were hired on or around May 2, 1999. Your coverage was terminated on or around May 2, 2012, when your employment with Kaiser Permanente sent a Notice of Conversion Rights to you on or around May 1, 2012. In the litigation against MetLife in the Central District of California, *Arnold v. MetLife Insurance Company, et al*, No. 19-03920, you opted not to convert your group policy. Instead, you opted to remain on your individual policy.

We also understand that you believe you were impacted by the data breach incident. As we've previously explained, we have not identified how the data breach incident would have impacted you. The template "Notice of Data Breach" letter you attached to your complaint was made available on a public California website, in connection with the data breach incident that impacted some California residents. MetLife provided notice of this incident and as a result, the notification letter template was posted online at a public website. You were not impacted by that incident. and we did not send you this letter template (the letter template was addressed to you). No MetLife policy of yours was impacted by the data breach incident. Your complaint was not impacted by the data breach incident.

Please send any subsequent correspondence regarding this

RE: FTC Ref. No. 117795846

Dear Marie Arnold:

Thank you for contacting the Federal Trade Commission (FTC).

The FTC has been directed by Congress to act in the interest of all consumers to prevent fraudulent, deceptive, and unfair business practices in the marketplace. Contacts from consumers and businesses are very important to our work as they are often the first indication of a problem in the marketplace, and may provide the initial evidence to begin an investigation.

While the FTC is not able to intervene in individual disputes, the information you have provided has been recorded in our secure online database which is used by thousands of civil and criminal law enforcement authorities worldwide. This database enables law enforcement agencies to identify questionable business practices that may lead to investigations and prosecutions. In addition, our attorneys and investigators regularly review the complaint database to look for law enforcement targets, evaluate the need for consumer education, and make policy recommendations. Your letter has been added to our database for that purpose.

As a consumer, you have additional alternatives for corrective action. This includes directly contacting the company in dispute; filing a complaint with your State Attorney General's Office Consumer Protection Division, and obtaining legal assistance.

Thank you for providing information that may be used to develop or support the FTC's enforcement initiatives. You can find free educational materials on a variety of consumer topics, press releases, and other important information on our website at [www.ftc.gov](http://www.ftc.gov).

Sincerely,

Consumer Response Center

## INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filled by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A **SUM CERTAIN** FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN **TWO YEARS** AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

**Re: Administrative Tort Claim OGC #52941**

Dear Ms. Arnold:

This letter acknowledges the above-referenced administrative tort claim under the Federal Tort Claims Act (FTCA) received by the United States Marshals Service (USMS) on June 16, 2021, in the amount of "10 Billions." Your claim was referred to this office from Department of Justice. You claim that on April 22, 2021, U.S. Marshals allegedly "cyber hacked your personal information, tampered with plaintiffs case court, abused power, tortured you, and caused emotional distress to induce heart attack."

The applicable provisions of the FTCA, 28 U.S.C. §§ 1346(b), 2401(b), 2671, et seq., provide for the payment of claims that arise from the negligent or wrongful acts or omissions of an employee of the Federal Government while acting within the scope of his or her employment. The FTCA affords the Government six months from the date a completed tort claim is received by this agency to administratively adjudicate the claim before a claimant can institute a civil action [28 U.S.C. § 2675(a)].

Pursuant to 28 C.F.R. §§14.2(a) & 14.4, in order to fully adjudicate your claim, please submit within the next thirty (30) days the following additional evidence and/or information:

- Medical documentation showing proof of injuries sustained.
- Itemized bills or paid receipts for medical expenses incurred.
- Evidence to substantiate USMS negligence given rise to this claim.
- Email address.
- Two estimates of repair or itemized pair receipt (only if claiming for damages).

Please send all future inquiries and any change of address or future correspondence concerning this matter to [USMSTORTC'laims@usdoj.gov](mailto:USMSTORTC'laims@usdoj.gov) or:

Re: Administrative Tort Claim OGC #52941

Dear Ms. Arnold:

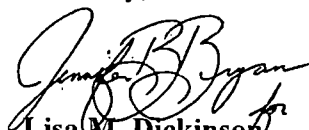

This responds to the above-referenced administrative tort claim received by the United States Marshals Service (USMS) on June 16, 2021, in the amount of \$10,000,000,000.00. Your claim was referred to this office from Department of Justice. You claim that on April 22, 2021, U.S. Marshals allegedly cyber hacked your personal information, tampered with your case court, abused power, tortured you, and caused emotional distress to induce heart attack. You specifically identify George Nichols and Russell Slope as USMS employees allegedly causing your claims.

The applicable provisions of the Federal Tort Claims Act [28 U.S.C. §§ 1346(b), 2401(b), 2671, et seq.] provide for the payment of claims which arise from the negligent or wrongful act or omission of an employee of the Federal Government while acting within the scope of his or her employment, under circumstances where the United States, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred.

Our review of the circumstances and the applicable law revealed no negligence by any USMS employee. Specifically, we have no record of either a George Nichols or a Russell Slope being employees of the USMS.

Accordingly, your administrative tort claim against the United States in the amount of \$10,000,000,000.00 is denied. If you are dissatisfied with our determination, suit may be filed in the appropriate U.S. District Court no later than six months after the date of the mailing of this denial. See 28 U.S.C. § 2401(b).
